Subject: FW: LCP Chemicals OU2 CBA Soil Sampling Report

Hi,

I also received this report from the surface soil sampling effort in the Cell Building Area for OU2. Please review and provide comments. The data will be used in the upcoming RI document and the BRA for potential direct contact risk in the CBA. Let me know if the link doesn't work.

Sincerely,

Robert H. Pope, GS-14, Senior RPM
Superfund and Emergency Management Division
